

Departmental Activities Report

Doc. Code: TIU.FA.FR.251E
Issue Date: 24/01/2018
Version: 00

[IT Services], [Rectorate],
Fall/Spring Term of 2019-2020

General Statement:

By [Prof.Dr. Qaysar Salih Mahdi]

Our department always take the initiative as first priority for improving our university IT services with the up to date technology starting from the upgrading of our IT facilities and maintenance and publication and organize, performed many workshops and international and national conferences and participating workshops, international and national conferences, seminars .

Note:

- 1- Please write the activities according to the timeline order (from the oldest to the newest).**
- 2- Please add quality photos to the event and attach them to the report.**
- 3- The code of the activities should be the same as in the form of “List of Departmental Activities”**

Activity (1)

Participation in 1st National Workshop on Stereochemistry in Science, Date October, 13-17,2019

<https://tiu.edu.iq/workshops/portfolio-item/the-importance-of-stereochemistry-in-science/>

Activity (2)

Title of the Activity : 1st National 5GNW2019 Workshop (``5G Challenges & Innovations ``)

Type of the Activity: Training Course Workshop in the field of Wireless Mobile Technology

Code: TIU.FA.FR.251E

Date: Two days, November,24-25,2019

Venue: Avicenna E learning Center , Salahaddin University, Erbil

Brief Description:

Abstract and Objectives:

Technologies for 5G and future generations of connectivity, when deployed in the 2020s, will provide higher bandwidth and lower latency than current-generation 4G technology. "5G and Beyond" will enable bandwidth in excess of 100s of Megabits per second (Mb/s) with latency of less than 1 millisecond (ms), as well as provide connectivity to billions of devices. Most importantly, these technologies are expected to enable fundamentally new applications that will transform the way humanity lives, works, and engages with

This brief description shall include the following points:

1. Date, Time and the supervisor of the event: Two days, November,24-25,2019, Prof. Dr. Qaysar Salih Mahdi , TIU University is the supervisor .

Presenters:

- **Prof. Dr.Qaysar Salih Mahdi**
IT Services Unit Director, Tishk International University
- **Assist.Prof. Dr.Ismail Musa Murad**
Avicenna E Learning Center
Salahaddin University, Erbil

Sunday, Nov. 24, 2019

Welcome Speech

Assist.Prof. Dr.Ismail Musa Murad

& Prof. Dr.Qaysar Salih

- **An Overview on 5G Technology Network** **Assist.Prof.Dr.Ismail Musa Murad**
5G Wireless Technologies: Challenges & Innovations
- **Prof. Dr.Qaysar Salih Mahdi**

Monday, Nov., 25, 2019

- **5G Softwarization and Virtualization**

Prof. Dr.Qaysar Salih Mahdi

- **5G Environmental Science & Risk Advantageous and Disadvantages**

Assist.Prof.Dr.Ismail Musa Murad

2. The approximate number of participants: 22 see attached list.
3. The goals achieved by this event: To train the staff of Avicenna E Learning Center of Salahaddin university, College of Science, Computer Science Depart., college of Education, College of Economy & Administration. and the staff in Tishk University.
4. Names of partners (in case of collaboration): Salahaddin university Erbil
5. Names of the sponsors (if any): Tishk University and Salahaddin university Erbil.
6. Names of bureaucratic quests participated in the event.
7. The awards (if any): Thanks and appreciation letter to Prof.Dr.Qaysar Salih Mahdi.
8. The outcomes of the event:

- Transfer knowledge of the up to date 5G technology to all participants.
- Offering good opportunities to researchers, students, stakeholders, telecommunication organizations, industries and universities to improve their curriculum and their research projects.
- The main outcome is to improve the citizen's telecommunication and social and economic services and offering good business opportunities and improve their economic incomes.
- This workshop pave the roadmap for future development towards vertical industry and IIOT.
- Building good opportunities and good cooperation to all participants and universities to cooperate with each other's towards developing the telecommunication services
- Improve and offer good skills to all participants and students.
- Opening new approaches towards building good relationships with international universities and 5G research centers.

- One of the important recommendation and outcomes is to build 5G research center in Kurdistan to solve the 5G challenges and problems.
- particular interest are ideas on extending publicly available platform with 5G-related technologies as they become available, and how they can be used to address common technological and scientific problems that are related to advanced wireless systems.

Salahaddin University Erbil, Avicenna E Learning Center , Tishk International University, Salahaddin University Erbil, Avicenna E Learning Center

- Collaboration with Salahaddin University staff and Scientific Cultural relationships Improve the performance of the academic and nonacademic staff in the field of new generations of mobile communications and wireless network technology in addition to establishing good scientific relationship with worldwide researchers and institutions make partnership projects, gain of new knowledge in our fields.

9. Other points: Interchange of knowledge purposes and power presentation lectures titles attached..

Photos and presentations

First Lecture Presentation of Dr. Qaysar Salih Mahdi ,

5G Technology : Challenges and Innovations

Presented by : Prof. Dr. Qaysar S.Mahdi
IT Services Director
Tishk International University
November,24-25,2019
Avicenna E Learning Center
At Salahaddin University , Erbil

5G Softwarization and Virtualization

Presented by : Prof. Dr. Qaysar S.Mahdi
IT Services Director
Tishk International University
November,24-25,2019
Avicenna E Learning Center
At Salahaddin University , Erbil

Second Lecture Presentation of Dr. Qaysar Salih Mahdy

List of Participants Number details: 22

Activity (2)

Activity (3)

Title of the Activity : 1st National 5GNW2019 Workshop (``5G Challenges & Innovations ``)

Type of the Activity: Training Course Workshop in the field of Wireless Mobile Technology

Code: TIU.FA.FR.251E

Date: Time: December ,18-19,2019, 9:00-14:00, see workshop agenda

Venue: TIU, Education Building, Hall, 302

Brief Description:

This brief description shall include the following points:

1. **Date, Time and the supervisor of the event:** December ,18-19,2019, 9:00-14:00, the supervisor is Prof.Dr. Qaysar Salih Mahdi, IT Services Director & Professor Faiq H. Saeed, Dean of Tishk College of Science and Director of research center.
2. **The approximate number of participants:** 25 key speakers and researchers and academic and academic staff see attached list.
3. **The goals achieved by this event:** Technologies for 5G and future generations of connectivity, when deployed in the 2020s, will provide higher bandwidth and lower latency than current-generation 4G technology. "5G and Beyond" will enable bandwidth in excess of 100s of Megabits per second (Mb/s) with latency of less than 1 millisecond (ms), as well as provide connectivity to billions of devices. Most importantly, these technologies are expected to enable fundamentally new applications that will transform the way humanity lives, works, and engages with its environment. The members and societies recognize the disruptive nature of technologies enabling the 5G and Beyond vision, as well as the substantial technical barriers to its realization.

Tishk University through Research center and IT Services Unit , pave the road map to open continues discussions, meetings, workshops, conferences , with the ministry of communication in Kurdistan, and Iraq , ministry of electricity , ministry of industry , telecommunication companies , and Internet companies and industries , researchers, students in order to handle strategic projects towards implementation the 5G technology in our country in addition to make mutual understanding between universities and the industry with private sectors towards the smart city.

4. **Names of partners (in case of collaboration):** League of Iraqi Private Banks , Tishk University, Salahaddin University Erbil College of Engineering and Avicenna E Learning Center, Al _Iraqia University Baghdad , LG Electronics Erbil , , Medium Technical University, Baghdad.

WORKSHOP PROGRAM AND KEY SPEAKERS

18th December 2019

08:30 – 09:00 Registration

09:00 – 09:15 Opening Ceremony and Welcome Speech by Prof. Dr. Faiq Hussain & Prof. Dr. Qaysar Mahdi, TIU.

09:15 – 09:30 Vice President speech, Assist. Prof. Dr. Wasfi Tahir Kahwajee

09:30 – 10:15: "5G Technology Innovations & Challenges and Beyond" Prof. Dr. Qaysar Salih Mahdi, IT Services Director, TIU.

10:30 – 11:15 "Smart Homes and 5G Technologies" Mr. Jean Abou Assaly , LG Electronics

11:15 – 12:00 "Expected Radio Access Network (RAN) for 5G Mobile System" Assistant Professor Dr. Jalal Jamal, Salahaddin University, Erbil.

13:00 – 13:45 "Challenges of FIN-TECH globalization ERA" by Mr. Sherwan Anwar Mustafa, League of Iraqi Private Banks

13:45 – 14:30 "5G Technology in Space" Assist Prof. Dr. Ismail Musa Murad, Avicenna E-Learning Center, University of Salahaddin , Erbil

19th December 2019

5. Names of the sponsors (if any): League of Iraqi Private Banks.
6. Names of bureaucratic guests participated in the event: Ministry of Education and Scientific Research Kurdistan, Planning and Quality Department, Ministry of Communication KRG.
7. The awards (if any): Thanks and Appreciation letter to Prof. Dr. Qaysar Salih Mahdi from Ministry of Higher Education and Scientific Research KRG, and from Presidency of Tishk University.
8. The outcomes of the event:
 - Transfer knowledge of the up to date 5G technology to all participants.
 - Offering good opportunities to researchers, students, stakeholders, telecommunication organizations, industries and universities to improve their curriculum and their research projects.
 - The main outcome is to improve the citizen’s telecommunication and social and economic services and offering good business opportunities and improve their economic incomes.
 - This workshop paves the roadmap for future development towards vertical industry and IIOT.
 - Building good opportunities and good cooperation to all participants and universities to cooperate with each other’s towards developing the telecommunication services
 - Improve and offer good skills to all participants and students.
 - Opening new approaches towards building good relationships with international universities and 5G research centers.
 - One of the important recommendation and outcomes is to build 5G research center in Kurdistan to solve the 5G challenges and problems.

 - particular interest are ideas on extending publicly available platform with 5G-related technologies as they become available, and how they can be used to address common technological and scientific problems that are related to advanced wireless systems.
 - Most importantly, these technologies are expected to enable fundamentally new applications that will transform the way humanity lives, works, and engages with its environment. The members and societies recognize the disruptive nature of technologies enabling the 5G and Beyond vision, as well as the substantial technical barriers to its realization.
 - Tishk University through Research center and IT Services Unit , pave the road map to open continues discussions ,meetings, workshops, conferences , with the ministry of communication in Kurdistan, and Iraq , ministry of electricity , ministry of industry , telecommunication companies , and Internet companies and industries , researchers, students in order to handle strategic projects towards implementation the 5G technology in our country in addition to make mutual understanding between universities and the industry with private sectors towards the smart city.
9. Other points: Building scientific relationships between Iraqi universities and the private sector and interchange knowledge and culture.

Guest & Key Speakers

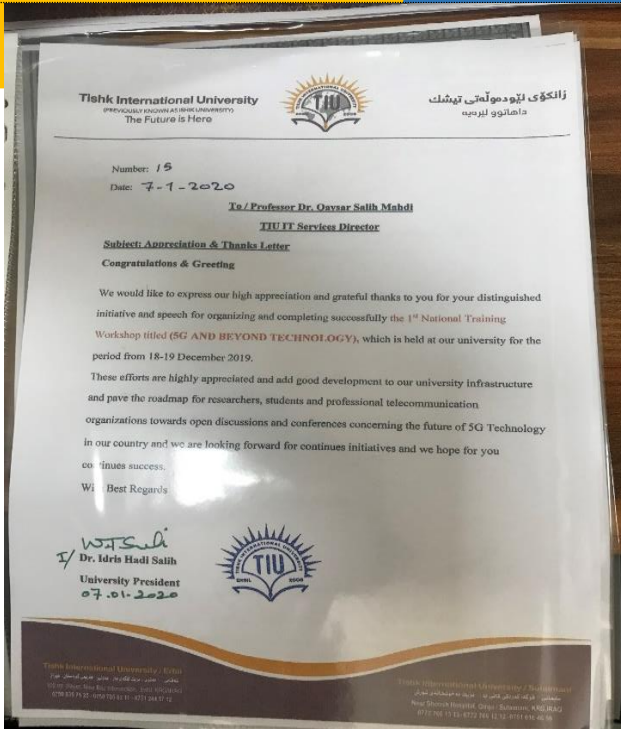

Honorable Guests

1. Honorable Guest Mr. Falih Dawood Salman , Ex. Deputy Governor of Central Bank of Iraq , General supervisor of Cihan Bank, Erbil.
2. Honorable Guest Sponsor Mr. Mohammed Munthir Al Handal , Regional Manager of Iraqi Private Banks League , Baghdad.
3. Honorable Guest and Key Speaker Mr. Sherwan Anwar Mustafa, Iraqi Private Banks League .Baghdad.
4. Honorable Guest, Mr. Rasech Barzani , Advisor of Ministry of Communication , Kurdistan, KRG.

5. Honorable Guest, Mr. Hewa Ali Abdual Rahman, representative of private Teaching Directorate and Quality Assurance Depart. , Ministry of Higher Education Kurdistan, KRG.
6. Honorable Guest, Dr. Senik Tahir, Quality Assurance Depart. MHE, KRG.
7. Honorable Guest, Ms.Avan Khan, Quality Assurance Depart. MHE, KRG.
8. Prof. Dr. Faiq H. Saeed, TIU Research Center Director, Organizing Committee.
9. Key speaker and Program Chair, Organizing Committee, Prof. Dr.Qaysar Salih. Mahdi, TIU IT Services Director,
10. Mr. Kovan Delawer , Tishk Research Center, Organizing Committee.
11. Key speaker Mr. Jean Abou Assaly , LG Electronics, Erbil .
12. Key speaker Prof. Dr. Kifah Yahya Saleh Al-Askari AL Iraqia University, Baghdad.
13. Key speaker Dr. Khalid Waleed, AL Iraqia University, Baghdad.
14. Key speaker Assistant. Prof. May Hamooudy Abdullah Al Shamary Medium Technology University, Baghdad.
15. Key speaker Assist. Prof. Dr. Ismail Musa Murad, Director of Avicenna E Learning Center, Salahaddin University, Erbil.
16. Key speaker Assistant Professor Dr. Jalal Jamal Hamad Ameen, Electrical Engineering Department, Salahaddin University, Baghdad.
17. Key speaker Assistant Prof. Dr. Hassan Hasoon,Tishk , Interior design depart..
18. Eng. Bnar Dilshad Kakel, Avicenna E Learning Center, Salahaddin University, Erbil.
19. Eng. Lana Abdulla Aziz, Avicenna E Learning Center , Salahaddin University, Erbil, Avicenna E Learning Center , Salahaddin University, Erbil.
20. Eng. Hezha Mohammed Ahmad, Avicenna E Learning Center, Salahaddin University, Erbil.
21. Ms. Roshan Hussain, Avicenna E Learning Center, Salahaddin University, Erbil.
22. Mr.Kewan H. Tahir, Tishk, IT Services.
23. Mr..Karwan Ahmad , Tishk, IT Services.
24. Mr.Usman Eshchanov, Tishk, IT Services.
25. Mr.Yasar Yilmaz, Tishk, IT Services.

Photos and Certificates

Thanks and appreciation letter from ministry of Higher Education and Scientific Research, Research & Development Department and Tishk University.

Key Speaker, Prof. Dr. Qaysar Salih Mahdi, IT Services Director, TIU, presented his speech on "5G T

Highlights about the TIU-Research Center

- Mission:** The mission of the TIU-Research Center is to facilitate innovative research to support both the objectives of Tishk International University and the national development of the region and to link its academic resources with a range of partners.
- Vision:** The Research Center of Tishk International University will be an academic research organization dedicated to advising, applying and facilitating high standards of science and social research practice for a wide variety of researchers within the university and across the community, region and national areas; to be one of the top innovation center in the region.
- Objectives:**
 - Partnership: Establishing and developing research relationship, both within the university and with external researchers, research centers locally, nationally and internationally.
 - Research Excellence: designing and providing quality research by adhering to the highest ethical standards and professional best practices.

Highlights about the IT Services Unit

- Vision:** Our vision is to build powerful performance for Tishk University staff and learners, computer networks and website systems and to keep on line smooth and continues availability of all technical and website services by implementing modern solving problems and modern technology.
- Objectives:** The definition and objective of the department of information technology is responsible of developing the technological aspects of communication and information all the Tishk University at its best form. Attempting to combine all the university departments and transforming the information in a scientific and electronically way. Besides, the department aims at providing standard and authentic programming for university computers and training specialized employees.

Key Speakers Biography

Prof. Dr. Qaysar Salih Mahdi is a post-doctoral communication engineering University of Basrah (UoB) Iraq, a communication engineering in 2007 from Tikrit University (Iraq) in Baghdad. He got his M.Sc. degree of Higher Education and Scientific Research and Master's Degree in 2008 from the University of Tikrit. He is currently working as the Head of Mobile Service Provider and Quality Assurance at TIU. He received his PhD in 2010 from the University of Tikrit. He is currently working as the Head of Mobile Service Provider and Quality Assurance at TIU. He received his PhD in 2010 from the University of Tikrit. He is currently working as the Head of Mobile Service Provider and Quality Assurance at TIU.

Prof. Dr. Hadeel Al-Hadi Al-Hadi is a post-doctoral communication engineering University of Basrah (UoB) Iraq, a communication engineering in 2007 from Tikrit University (Iraq) in Baghdad. He got his M.Sc. degree of Higher Education and Scientific Research and Master's Degree in 2008 from the University of Tikrit. He is currently working as the Head of Mobile Service Provider and Quality Assurance at TIU. He received his PhD in 2010 from the University of Tikrit. He is currently working as the Head of Mobile Service Provider and Quality Assurance at TIU.

WORKSHOP PROGRAM		Abstract and Objectives
08:30 - 09:00	Registration	
09:00 - 09:15	Opening Ceremony and Welcome Speech by Prof. Dr. Faq Hassan & Prof. Dr. Qaysir Mahdi	Technologies for 5G and future generations of connectivity, when deployed in the 2020s, will provide higher bandwidth and lower latency than current-generation 4G technology. "5G and Beyond" will enable bandwidth in excess of 100s of Megabits per second (Mbps) with latency of less than 1 millisecond (ms), as well as provide connectivity to billions of devices. Most importantly, these technologies are expected to enable fundamentally new applications that will transform the way humanity lives, works, and engages with its environment. The members and societies recognize the disruptive nature of technologies enabling the 5G and Beyond vision, as well as the substantial technical barriers to its realization. Consequently, TIU University is developing a technical community to foster exchange of ideas, sharing of research, setting of standards, and identification, development, and maturation of system drivers, system specifications, use cases, and supported applications. One of the first activities of our 5G Initiative is the formation of a working group around a future-networks roadmap, with emphasis toward 5G and Beyond technologies and a charter to develop a white paper summarizing the challenges and opportunities in building and sustaining a 5G and Beyond ecosystem. With the release of this white paper, our attention turns to developing a comprehensive 5G and Beyond Technology Roadmap to help guide operators, regulators, manufacturers, researchers, and other interested parties involved in developing the 5G and Beyond ecosystem. Once released, the TIU 5G and Beyond Technology Roadmap will be periodically updated with forecasts for three-, five-, and 10-year horizons.

ecology Innovationnges And Beyond".

Mr. Falih Dawood Salman , Ex. Deputy Governor of Central Bank of Iraq , General supervisor of Cihan Bank, Erbil.

Honorable Guest and Key Speaker Mr. Sherwan Anwar Mustafa, Iraqi Private Banks League, Baghdad, presented his speech on “Challenges of FIN-TECH globalization ERA”

Honorable Guest Sponsor Mr. Mohammed Munthir Al Handal, Regional Manager of Iraqi Private Banks League, Baghdad. Shared picture with Key speakers.

Honorable Guest, Mr. Rasech Barzani , Advisor of Ministry of Communication , Kurdistan, KRG, expressing his big interest and appreciating TIU and organizing committee specially Prof. Faiq H.Saeed and Prof. Dr. Qaysar Salih Mahdi for this successful workshop and for inviting him to participate in this important event.

Honorable Guest, Mr. Hewa Ali Abdul Rahman, representative of private Teaching Directorate and Quality Assurance Dept. , Ministry of Higher Education Kurdistan , KRG.

Key speaker Mr. Jean Abou Assaly , LG Electronics, Erbil , presented his speech “Smart Homes and 5G Technologies”

Key speaker Assistant Professor Dr. Jalal Jamal, Salahaddin University, Erbil., presented his speech “Expected Radio Access Network (RAN) for 5G Mobile System” .

“Quality of public services 5G” presented by Key speaker , Asst. Prof. May Al-Shemari, Medium Technical University , Medical Technical Institute , Baghdad, Iraq

Key speaker Prof. Dr. Kifah Yahya Saleh Al-Askari AL Iraqia University, Baghdad, presented his speech on “Introducing of 5G Technology in Teaching Process”.

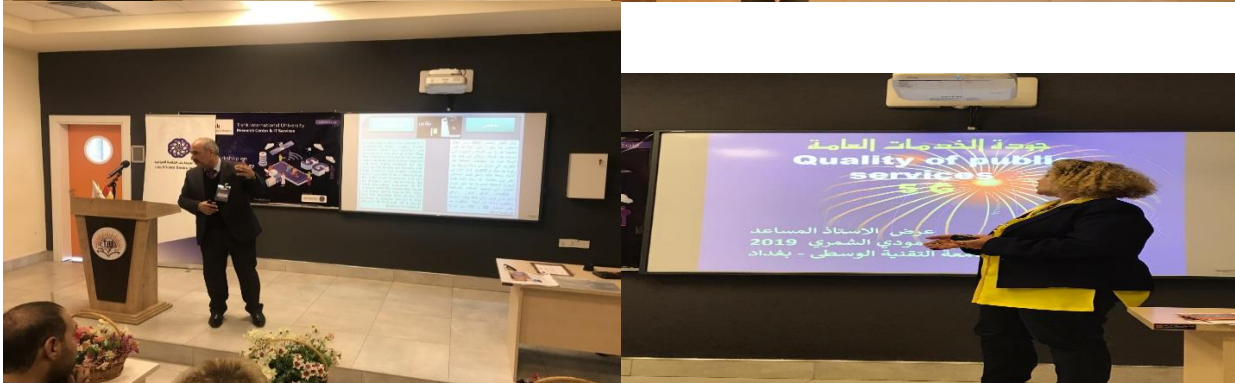

“The 5G Between Hypothesis and Theory” , presented by Key speaker, Asst. Prof. Dr. Hassan Hasoon, Interior design department, TIU.

“5G Technology in Space” , presented by Key speaker , Assist Prof. Dr. Ismail Musa Murad, Avicenna E-Learning Center, University of Salahaddin , Erbil

“Introducing of 5G Technology in Teaching Process” , presented by Key speaker , Prof. Dr. Kifah Alaskari & Dr. Khaled Walid, Public Al Iraqia University ,Baghdad

Activity (4)

Title of the Activity: 2nd International Conference on Architecture and Interior design
ICAD2019

Type of the Activity: Scientific International Conference

Code: TIU.FA.FR.251E

Date: November, 4th and 5th, 2019, 10:00am .

Venue:

Brief Description: On November 4th-5th 2019, Tishk International University in collaboration with the University of Technology/Baghdad organized the 2nd International Conference on Architecture and Interior Design under the theme of “Identity: Tradition and Innovation”. The opening ceremony was held at the beginning of day 1, by Dr. Idris Hadi (President of Tishk International University), in which he explained the Tishk International University system, the big jump of Tishk International University Ranking both nationally and internationally as well as the future Tishk University plans.

This brief description shall include the following points:

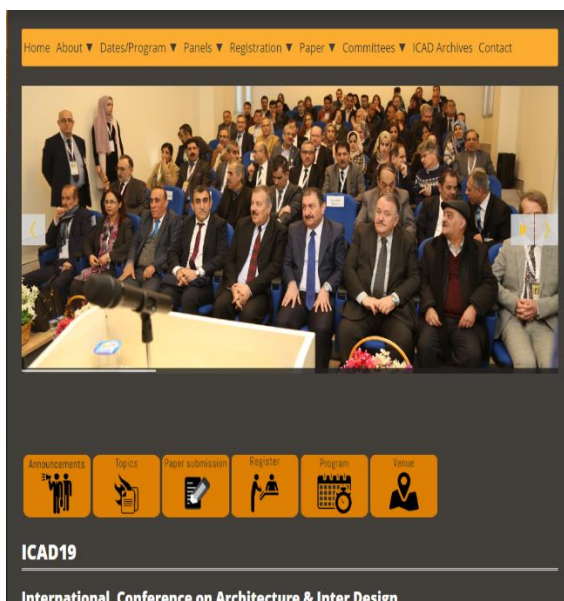

1. Date, Time and the supervisor of the event: November, 4th and 5th, 2019, Tishk University, the chair of the conference Dr. Halit Vural and the University of Technology/Baghdad and Prof. Dr. Qaysar Salih Mahdi, the IT Services Director is the Technical Committee member for this conference.
2. The approximate number of participants: 7 see attached list.
3. The goals achieved by this event: The aim of the conference was to disseminate research findings and provide a platform for scholars to debate and exchange ideas about the policies and technological aspects in the field of architecture and interior design. All accepted papers will be published in ICAD2019 proceedings book and distinguished papers will be published in Eurasian Journal of Science and Engineering (<http://ejase.org>) and Scopus indexed journal “Steel and Composite Structures”. Furthermore, the conference provided our senior students a chance to establish communication with experienced researchers to discuss their current work as well as to be engaged in future research topics and new opportunities. Prominent international and national professors attended and participated in the conference.
4. Names of partners (in case of collaboration): Tishk University and the University of Technology/Baghdad and Salahaddin University Erbil.
5. Names of the sponsors (if any): AIA Middle East Organization and Ekhlash Group.

6. Names of bureaucratic guests participated in the event: Prime Minister office, Ministry of Higher Education , Development Department and Scientific Research and Salahaddin University Erbil.
7. The awards (if any): Assignment letter to Prof.Dr. Qaysar S. Mahdi as one of the organizing committee for the conference, see attached file.
8. The outcomes of the event: encouraged people to use sustainable development in architecture and interior design. The new base of knowledge of the architectural Identity; Tradition and Innovation in Kurdistan has been established. People informed about the policies and strategies of restoration and
9. Other points: See attached invitation letter and photos and list of participants.

Activity (4)

Title of the Activity: 6th International Engineering Conference IEC2020

Type of the Activity: Scientific “Sustainable Technology and Development”

Code: TIU.FA.FR.251E

Date: Febreuary,26-27,2020, 10:00am.

Venue: Tishk International University .

Brief Description: On Febreuary,26-27,2020, The event is jointly organized by Faculty of Engineering of Tishk International University and Erbil Polytechnic University”. The opening ceremony was held at the beginning of day 1, by Dr. Idris Hadi (President of Tishk International University), in which he explained the Tishk International University system, the big jump of Tishk International University Ranking both nationally and internationally as well as the future Tishik University plans.

This brief description shall include the following points:

1. Date, Time and the supervisor of the event: **Febreuary,26-27,2020**, The event is jointly organized by Faculty of Engineering of Tishk International University and Erbil Polytechnic University. Prof.Dr. Qaysar Salih Mahdi is Member of Technical Committee and Participation.
2. The approximate number of participants: 100 see conference link.
The goals achieved by this event: Tishk International University and Erbil Polytechnic University hosted the 6th International Engineering Conference (IEC2020) on February 26-27, 2020. IEC2020 is technically sponsored by IEEE and IEEE Iraq Section. The conference aimed to disseminate research findings and provide a platform for scholars to debate and exchange ideas on developments in the field of engineering. IEEE Xplore Digital Library Database will index the accepted papers. Furthermore, the conference provides our graduate students a chance to establish communication with experienced researchers to discuss their current work as well as to be engaged in future research topics, and new opportunities.
3. Names of partners (in case of collaboration): Tishk University and Erbil Polytechnic University.
4. Names of the sponsors (if any): IEC2020 technically sponsored by IEEE which is represented by IEEE Iraq Section.
5. Names of bureaucratic quests participated in the event: Prime Minister office, Ministry of Higher Education, Development Department and Scientific Research and Salahaddin University Erbil.
6. The awards (if any): Assignment letter to Prof.Dr. Qaysar S. Mahdi as one of the organizing technical committee for the conference, see attached file.
7. The outcomes of the event: encouraged people to use “**Sustainable Technology and Development**” in the city of Erbil, Kurdistan Region-Iraq. People informed about the policies and strategies of restoration and
8. Other points: See attached invitation letter and photos and list of participants.

Activity (5)

Title of the Activity : 5G and Beyond Technology: Challenges & Innovations

Type of the Activity: Publication Scientific Article

Code: TIU.FA.FR.251E

Date: Accepted 5/ 3 / 2020

Venue: "ICSL2020" International conference , Philadelphia University, Amman, Jordan

Brief Description:

This brief description shall include the following points:

1. Date, Time and the supervisor of the event: April, 14-16-2020, `` ICSL2020`` Philadelphia University, Amman, Jordan.

2. The approximate number of participants: 120.
3. The goals achieved by this event: To publish our papers and interchange knowledge.
4. Names of partners (in case of collaboration):
 - Philadelphia University
 - The power of International Education,
 - AL- QUDS University
 - E-Marefa Institute
 - AL Qalam University College
 - Associate of Arab Universities AARU .
 - Arab Network for Open and Distance Learning
 - AL-BAYAN UNIVERSITY
5. Names of the sponsors (if any)
 - AL Qalam University College
 - Associate of Arab Universities AARU .
 - Arab Network for Open and Distance Learning
6. Names of bureaucratic quests participated in the event.
7. The awards (if any)
8. The outcomes of the event: Establishing good scientific relationship with worldwide researchers and institutions make partnership projects, gain of new knowledge in our fields.
9. Other points: Tourism and culture purposes.

Activity (8)

Title of the Activity : `` 5G Technology & Future for Electronic Banking (EB) Bank 4.0``

Type of the Activity: On line Zoom Workshop

Code: TIU.FA.FR.251E

Date: Time: April, 13, 2020 09:00 PM Baghdad

Venue: Zoom On Line Workshop, College of Technical Administration, Medium Technical University, Baghdad.

This brief description shall include the following points:

1. Date, Time and the supervisor of the event: April,13,2020, 9:00 PM Baghdad, College of Technical Administration, Medium Technical University, Baghdad.
2. The approximate number of participants: 13 Master Students & Lecturers.
3. The goals achieved by this event : Presenting the new 5G technology in Electronic Banking and using on line Electronic education by Zoom conference.
4. Names of partners (in case of collaboration): College of Technical Administration, Medium Technical University, Baghdad, Erbil Stock Exchange Market.
5. Names of the sponsors (if any): Tishk University and League of Iraqi Private Banks.
6. Names of bureaucratic quests participated in the event: Medium Technical University, Baghdad.
7. The awards (if any): Thanks and Appreciation letter as attached.
8. The outcomes of the event: Transfer new knowledge to the Master students, building scientific relationships between researchers and academic staff in our universities. Successful on line facility through Coronavirus environment, the on line education offers continues teaching and keep teachers and students in good health and saving money and time.
9. Other points: Building good relationship with new academic staff in the College of Technical Administration, Medium Technical University, Baghdad.

Final 5G Technology Future for Elect...

5G Technology & Future for Electronic Banking (EB)

Presented By :
 Prof. Dr. Qaysar Sahih Mahdy
 IT Services Director
 IT Director of UNESCO E Learning Center
 Tishk International University
 E-mail : qaysar.Mahdy@tiu.edu.iq
 Mobile : 07504360752,07714666012
 Date : 13/4/2020

Outline

1. Introduction to 5G Technology and Economy and Electronic
2. Why we need 5G Technology in E Banking ?
3. The Digital World and E Banking
4. Digital Convention
5. What is the future of banking system,
6. Financial services and AI , smart bank.
7. Digital Identity of a Client & Biometric and digital bank ac
8. Digital KYC ? What is digital KYC ? Do We need KYC ?
9. Blockchain & Bitcoin Concepts and Implementation .
10. Conclusion .

3. Board of Editor Journal invitation

Tina <jcsr@bilpublishing.com>

Sun 6/28/2020 2:08 PM

● Qaysar Mahdy

Dear Dr.Qaysar S Mahdi,

We hope this email finds you well.

We read your article "Evaluation of mobile GSM performance under different atmospheric propagation models" on the Internet and think that research subject is consistent with our journal. In view of your knowledge and insight in the field of computer science, we sincerely hope that your research results or related articles can be published in the Journal of Computer Science Research.

Journal of Computer Science Research is an international journal of the Singapore Bilingual Publishing Co.. Bilingual Publishing Co. is a publishing company registered in Singapore in 1984. Some of its journals have been indexed and archived by GoogleScholar, MyScienceWork, CNKI, J-Gate, DOAJ, Semantic Scholar, etc.

At present, we are collecting the academic articles of the next issue(Vol 3, No 3).To support the fight against Covid-19,

we decided that the articles included in this issue will enjoy the lowest fees or exemptions. If you have an article, please consider us, and you will have the opportunity to join our editorial board.

If you are not interested in our invitation, please kindly inform us as well. This is so we would not continue to disturb you further and take up more of your time.

We look forward to your reply.

Best regards

"5G and Beyond" will enable bandwidth in excess of 10G of Mbps per second (Mbps) with latency of less than 1 millisecond (ms), as well as provide connectivity to billions of devices. Most importantly, these technologies are expected to enable fundamentally new applications that will transform the way humanity lives, works, and engages with its environment. The network and system designers for the diverse range of technologies enabling the 5G and Beyond vision, as well as the substantial technical barriers to its realization.</p> <p>Consequently, TIU University is developing a robust community for future exchange of ideas, direction of research, setting of standards, and identification, development, and maintenance of system drivers, system specifications, use cases, and supported applications. One of the first activities of our 5G initiative is the formation of a working group around a future-oriented roadmap, with emphasis toward 5G and Beyond technologies and a charter to develop a white paper summarizing the challenges and opportunities in building and sustaining a 5G and Beyond ecosystem. With the release of this white paper, our attention turns to developing a comprehensive 5G and Beyond Technology Roadmap to help guide operators, regulators, manufacturers, researchers, and other interested parties involved in developing the 5G and Beyond ecosystem. Once released, the 5G and Beyond Technology Roadmap will be periodically updated with focus on three, five, and 10-year horizons.</p>	<p>Highlights about the TIU-Research Center</p> <ul style="list-style-type: none"> Mission: The mission of the TIU-Research Center is to facilitate innovative research to support both the objectives of Tishk International University and the national development of the region and to link its academic resources with a range of partners. Vision: The Research Center of Tishk International University will be an academic research organization dedicated to advising, applying and facilitating high standards of science and social research practice for a wide variety of researchers within the university and across the community, region and national sectors, to be one of the top innovation centers in the region. Objectives: Objective research and consultation are provided through: <ul style="list-style-type: none"> • Potentially groundbreaking and innovative research and research, both within the university and with external researchers, research centers locally, nationally and internationally. • Research excellence, ensuring and providing quality research by adhering to the highest ethical standards and professional best practices. <p>Highlights about the IT Services Unit</p> <ul style="list-style-type: none"> Vision: Our vision is to build powerful performance for Tishk University staff and internet, corporate networks and website system and to keep on line services and constant availability of all technical and website services by implementing modern seeking problems and modern technology. Objectives: The definition and objective of the department of information technology is responsible of developing the technological aspects of communication and information all the Tishk University at its best form. Arranging to combine all the university departments and transferring the information in a scientific and electronically way. Besides, the department aims at providing standard and authentic programming for university computers and training specialized employees. 	<p>Key Speakers Biography</p> <p>Prof. Dr. Qusay A. Wed 7/8/2020 1:22 PM

To:

Good day to you!!!

Thank you accepting as a organizing Committee Member for our Robotics 2021 Congress. We are delighted to have your presentation at our conference.

Kindly submit you're abstract and send us your photograph and Short Biography so that we can update it in our OCM.

As per your mail we will issue the invitation letter after completing the process of abstract submission, Registration and confirmation after completing all we will issue the invitation letter and required documents for VISA Process.

Please follow the abstract submission link to submit the abstract:

● Qaysar Mahdy

Dear Dr. Qaysar S Mahdi

ICRA-2021.....

We courteously invite you to be an **Organizing Committee Member** and **Speaker** at our upcoming **1st International Conference on Robotics & Artificial Intelligence (ICRA-2021)** which will be held at **Osaka, Japan during June 14-16, 2021**. This year we have adopted the theme “**Extending the Frontiers of Technologies and Advancements in Robotic and Artificial Intelligence**”. Conference tracks will include research, Evaluation, New trends & technologies in ICRA-2021. We hope that you will be Strength to the Conference.

For more information about the conference, PS: <https://robotics.scientificmeeticon.com/>

We request you to kindly avail this opportunity to share your scientific excellences and be a part of the esteemed conference as soon as possible.

Abstract Submission Link: <https://robotics.scientificmeeticon.com/submitabstract>

Hope you will Honor us by accepting our invitation.
Reach back to us for further assistance.

Thanks & Regards
Tim Anderson
Program Manager

Note: If you don't want to receive any further e-mail from ICRA-2021, please revert back with a subject **unsubscribe**
