

7th International Festival of Language, Culture, and Science

The 7th International Spring Festival of Language, Culture, and Science, organized by Tishk International University (TIU) on April 25th, 2024, aligns with SDG 10 by promoting reduced inequalities and fostering social cohesion. With over 5,000 attendees from diverse backgrounds, the event celebrated cultural diversity through 46 cultural tents and 26 scientific tents. The festival encouraged cross-cultural interaction and academic discourse, highlighting the importance of inclusivity and coexistence. Fundraising and cultural displays further supported economic opportunities and social equity, contributing to the fight against inequalities.
