

Graduation Requirements

To be eligible for graduation from Tishk International University (TIU), undergraduate students must successfully complete all academic requirements of their program and satisfy the graduation conditions approved by the University.

Students are required to:

- Successfully pass all courses included in the curriculum of their academic program.
- Achieve a cumulative Grade Point Average (GPA) of at least 2.00.
- Successfully complete the required number of ECTS credits:
 - 240 ECTS credits for undergraduate programs in general.
 - 300 ECTS credits for Dentistry, Pharmacy, and Architecture Engineering.
- Successfully complete the required internship program, with a minimum duration of six weeks.
- Successfully complete the Graduation Project or other final project requirements specified by the relevant academic program.
- Fulfill any additional graduation requirements determined by the relevant faculty, department, and University regulations.
- Be formally deemed to have fulfilled the graduation requirements by the decision of the relevant academic board.

Students who successfully meet all graduation requirements are awarded an undergraduate diploma indicating the faculty and, where applicable, the department or academic program.

Before the diploma is issued, graduating students must also complete the required university clearance procedures with the relevant University units.

Graduation Make-up Examination

Graduating students who do not have U or NA grades—excluding internship—but have failed a maximum of two courses with grades FF, FD, DD, or DC, may be eligible to take a Graduation Make-up Examination in accordance with University regulations.

The Graduation Make-up Examination is subject to the following conditions:

- It may be taken for a maximum of two failed courses.
- The highest grade that may be awarded is CC.

- The examination is held on dates determined by the relevant academic department.
- Where permitted by the University regulations, students may repeat the Graduation Make-up Examination after retaking the relevant course.
